My Association Activity's Plans

For 2025 :

- A conference organized in the frame of general assembly about shortages in presence of BE medicines agency representatives, the association of pharmaceutical industry (pharma.be), EIPG and a start-up active in clinical trials.
- 2 GDP trainings : 1 in June, 1 in December (basics and expert)
- 2-3 GMP academy sessions
- A new website launched in February
- Presence of board members during students events at the universities
- 1 social event for the members and their family
- Participation to the pharmacist's ball

What we appreciate as being a member of EIPG

- To be represented by EIPG at EU level
- A link with the other EU countries
- To provide free access to high quality webinars to our members
- To provide newsletter to our members

What we would need more from EIPG

- A more modern communication approach (website outdated and not visible on Google)
- A better presence on social media
- An easiest access to live webinars/records and automatic reminders
